

Anthony and Cleopatra: An Oxfordian Edition of Shakespeares Antony and Cleopatra

Washington State University professor of English and Humanities Dr. Michael Delahoyde offers a compelling new edition of Shakespeares romantic political tragedy Anthony and Cleopatra, which not only properly adds the h back to Anthony Shakespeares clear intention but also restores the play to the context in which it was written: the Elizabethan court milieu. A must for lovers of Shakespeare and anyone who cannot resist an intriguing literary whodunnit.
