

Templar Knight-Origins-: The Nephilim Conflict

This is the story of the very first Templar Knight and how the order was founded... This tale takes place in the early mists of time when the descendants of Cain and Able and Seth dwell upon the earth. The great flood has not happened and abominations walk the earth, these fallen angels seek to dominate mankind and make them their slaves. Not content to torment mankind they seek to set themselves up as gods. Yet one man stays true to the will of the creator, and he is chosen to take up the mantle of Gods earthly champion.
