

Thornton Wilder: A Life

Thornton Wilder: A Life brings readers face to face with the extraordinary man who made words come alive around the world, on the stage and on the page. James Earl Jones, actor Comprehensive and wisely fashioned. This book is a splendid and long needed work. Edward Albee, playwright Thornton Wilder three-time Pulitzer Prize winner, creator of such enduring stage works as *Our Town* and *The Skin of Our Teeth*, and beloved novels like *Bridge of San Luis Ray* and *Theophilus North* was much more than a pivotal figure in twentieth century American theater and literature. He was a world-traveler, a student, a teacher, a soldier, an actor, a son, a brother, and a complex, intensely private man who kept his personal life a secret. In *Thornton Wilder: A Life*, author Penelope Niven pulls back the curtain to present a fascinating, three-dimensional portrait one of Americas greatest playwrights, novelists, and literary icons.
